

GOVERNMENT PENSION FUND GLOBAL **INVESTMENT TALENT PROGRAMME**

Join us in investing for the future!

Investment Talent Programme

NBIM is expanding our pool of high-performing experts we count on to achieve our goals. The Investment Talent Programme (ITP) is a four-year trainee programme targeted towards highly motivated and skilled candidates with recent university degrees who are aiming at a career in investment management.

What you need to succeed

- Excellent academic qualifications at Bachelor/Master level
- Strong analytical and quantitative skills
- Interest in finance and investment management
- Result orientation and competitive attitude
- Ability to perform under pressure
- Commitment and decisiveness
- Initiative and curiosity
- High degree of flexibility and mobility, with an international mind-set

A unique opportunity to learn and contribute in the international and dynamic setting of one of the world's largest funds

Your partnership with us

- Comprehensive on-the-job training in back-, middle- and front office functions in different NBIM departments
- Hands-on experience from investment banking through an international secondment to a partner investment bank
- A sponsored optional one-year Master or MBA degree at a top-ranking international business school in Europe or the USA
- Access to top management, industry specialists and professionals as part of your professional career development

About NBIM

- Mission to safeguard and build financial wealth for future generations
- One of the world's largest investment funds with approximately 4,500 billion kroner (USD 767 billion) in assets under management in international equity, fixed income and real estate markets
- Offices in Oslo (Head Office), London, New York, Singapore and Shanghai
- 350 employees from more than 25 nationalities
